In (8) fact, research shows that children who (9) regularly spend more than 10 hours a week watching TV are more likely to be overweight and slower to learn at school.

Researchers at Cardiff University's Common Cold Centre found that a fall in body temperature can (22) **cause** cold viruses to become active. In a (23) **trial**, a group of people sat with their feet in (24) **bowls** of iced water for 20 minutes.
